Die Struktur des Catalogus Monasteriorum O.S.B. versucht den gegenwärtigen Stand (11. Juni 2015) der Benediktinischen Konföderation wiederzugeben.

Mitglieder der Konföderation im engeren Sinne sind die Klöster, die zu monastischen Kongregationen gehören, oder andere Klöster, die entsprechend der Lex Propria (Nr. 9 und Nr. 13) eingegliedert sind. Im Catalogus sind die Namen der Mönche, die die Profess abgelegt haben, angegeben, sowie Geburts- und Professdaten, wo relevant Ordinationsdatum und die Anzahl der Novizen in jedem Kloster. Das Weihedatum bezieht sich auf die Priesterweihe (außer bei den Diakonen).

Von den Mönchsklöstern sind im Catalogus Abteien und Priorate angeführt, außerdem neugegründete abhängige Häuser sowie jene, die trotz ihres geringen Personalstands eine ehrwürdige Vergangenheit aufweisen. Ebenso sind monastische Studienhäuser für junge Mönche und Wallfahrtsorte, nicht aber Pfarreien berücksichtigt.

Den Klöstern der Benediktinerinnen ist ein eigener Band gewidmet.

Der Catalogus versucht, der Verschiedenheit und Vielfalt der Benediktiner Rechnung zu tragen, die sich aus der örtlichen Unabhängigkeit und der Autonomie innerhalb der Kongregationen ergibt. Aus diesem Grund haben wir versucht, die Verschiedenartigkeit der Mönche in den diversen monastischen Familien so weit wie möglich zu berücksichtigen.

Die Statistiken in diesem Volumen zeigen die Zahl der Mönche der Konföderation. Neben Statistiken, sind kurze historische und erläuternde Anmerkungen angeführt. Diese sollen dem Leser ein besseres Wissen über die Konföderation vermitteln und eine effektivere Verwendung des Catalogus ermöglichen.

Adressen, Telefon- und Telefax-Nummern werden im Catalogus gemeinsam mit Website- und Email-Adressen, soweit diese vorhanden, angegeben.
Bei Telefon- und Telefax-Nummern ist nach der Ländervorwahl die Ortsvorwahl in Klammer angegeben. Generell entfällt bei einem Auslandsgespräch die Null der Ortsvorwahl (innerhalb Italiens muss die Null gewählt werden!). Falls eine Verbindung nicht zustande kommt, wenden Sie sich an die zuständige internationale Auskunft.

English

The structure of this Catalogus Monasteriorum O.S.B. seeks to reflect the composition of the Benedictine Confederation (11th June 2015)

Members of the Confederation in the strict sense are the monasteries which belong to Congregations of monks, or other monasteries incorporated according to the Ius Proprium (Nos. 9 and 13). The names of the professed monks with their dates of birth, profession and, where relevant, ordination, are given in the Catalogus, as are the number of novices in every monastery. The date of ordination is understood to mean ordination to the priesthood (unless the diaconate is indicated).
The monasteries of monks which appear in the Catalogus are Abbeys and Conventual Priories, those dependent houses which were founded to start a new monastic community, and also those which, despite reduced numbers, preserve a venerable past. Reference is also made to places of residence where ecclesiastical studies are pursued by young monks, and to shrines. Parishes are not mentioned.

Information about the monasteries of Benedictine women is found in a separate volume.

This Catalogus aims to take into account the diversity and richness of Benedictine pluralism — the product of local and Congregational autonomy. It is for this reason that we have tried as far as possible to respect the different categories of monks in different monastic families.

The statistics in this volume show the number of monks in the Confederation. There are tables of statistics, as well as brief historical and explanatory notes. These may give the reader a better knowledge of the Confederation and enable the book to be used more effectively.

Addresses, telephone and facsimile (Fax) numbers are given in the Catalogus, along with, where available, websites and email-addresses. Regarding telephone and Fax numbers : after the country code, digits are given in parentheses to indicate the regional code. Generally the first number of this latter code (usually 0) is to be omitted when calling from another country (however, for Italy it must always be used). If a call does not seem to go through, it may be best to check with the international telephone operator.

Español

La estructura de este Catalogus Monasteriorum O.S.B. pretende reflejar el estado de la Confederación Benedictina (11 de junio de 2015).

Pertenecen estrictamente a la Confederación los monasterios de las Congregaciones de monjes y otros monasterios incorporados según la aplicación de la Lex Propria (n. 9 y 13). Los nombres de los monjes profesos con sus fechas de nacimiento, profesión y ordenación están indicados en el Catalogus, así como también el número de novicios en cada Monasterio. La fecha de ordenación se subentiende como la fecha de la ordenación sacerdotal (a menos que el diaconado sea indicado).

Los monasterios masculinos que figuran en el Catalogus son las Abadías y los Prioratos conventuales, y las casas dependientes que han sido fundadas con intención de llevar una vida monástica o que, a pesar de la disminución de sus miembros, conservan una historia venerable. Se mencionan también las residencias donde viven jóvenes que prosiguen sus estudios eclesiásticos, así como los santuarios. Sin embargo, no se hace mención de las parroquias.

Los datos acerca de los monasterios femeninos se encuentran en un volumen separado.

Este Catalogus quiere dar cuenta de la diversidad y la riqueza del pluralismo benedictino, que es la consecuencia de su autonomía local y la de las Congregaciones. Por eso se ha querido respetar lo mejor posible las diferentes categorías de monjes, como existen en las diversas familias monásticas.

Las estadísticas de esta obra mostran el número de monjes de la Confederación. Aparecen las tablas de estadísticas, como también breves noticias históricas y explicativas. Todo esto con la finalidad de ayudar al lector a conocer mejor la Confederación y para que esta obra sea más útil.
En el Catalogus están indicadas las direcciones, los números de teléfono y de fax, así como, donde disponibles, los websites y las direcciones de correo electrónico. En lo que se refiere a los números de teléfono y de fax, después del prefijo internacional, se indica entre paréntesis el código regional. Normalmente el primer número de este último código (por lo general "0") se debe omitir cuando se llama de otro país (mientras que en Italia siempre se usa). Si resulta difícil la comunicación, es conveniente dirigirse a un operador internacional.

La structure de ce Catalogus Monasteriorum O.S.B. cherche à refléter l'état actuel de la Confédération Bénédictine (11ième juin 2015).

Font partie de la Confédération, au sens strict, les monastères des Congrégations de moines et d'autres monastères masculins incorporés, selon la Lex Propria (n. 9 et 13). On trouve dans le Catalogus les noms des moines profès et leurs coordonnées ainsi que le nombre des novices.

Les monastères de moines qui figurent dans le Catalogus sont les abbayes et les prieurés conventuels et leurs maisons dépendantes qui ont été fondées pour créer une nouvelle communauté monastique, et aussi les monastères qui, malgré leur nombre réduit, sont les héritiers d'un passé glorieux. Sont également mentionnées les maisons où les jeunes moines poursuivent leurs études, et les sanctuaires. Il n'est pas fait mention des paroisses.

Les renseignements sur les monastères de bénédictines se trouveront dans un volume séparé.

Ce Catalogus veut tenir compte de la diversité et de la richesse du pluralisme bénédictin, conséquence de l'autonomie locale et de celle des Congrégations. C'est ainsi qu'on a voulu respecter le mieux possible les différentes catégories de moines telles qu'elles existent dans les différentes familles monastiques. La date d'ordination se rapporte à l'ordination sacerdotale à moins qu'il s'agisse d'un diacre, ce qui est alors indiqué.

Les statistiques de ce volume indiquent l'état de la Confédération. On trouvera aussi des statistiques, de brèves notices historiques ou explicatives. Cela pourra permettre au lecteur d'acquérir une meilleure connaissance de la Confédération et d'utiliser ce volume de façon plus efficace.

Les adresses, les numéros de téléphone et de fax se trouvent dans le Catalogus, avec, lorsque disponibles, les sites internet et les adresses e-mail. Au sujet des numéros de téléphone et de fax, après le numéro de code du pays, les chiffres entre parenthèse indiquent le numéro de la région. Le premier chiffre de ce numéro, généralement 0, doit être omis quand on appelle d'un autre pays, mais il doit toujours être utilisé pour l'Italie. Si un appel ne fonctionne pas, il vaut mieux se renseigner auprès du service international.

La struttura di questo Catalogus Monasteriorum O.S.B. intende riflettere l'aspetto attuale della Confederazione Benedettina aggiornato al 11 giugno 2015.

Alla Confederazione appartengono in senso stretto i monasteri delle Congregazioni di monaci o altri monasteri incorporati in applicazione della Ius Proprium (n.n. 9 e 13). Nel Catalogus sono indicati i nomi, le date di nascita, la professione e, dove rilevante, l'ordinazione dei monaci professi, come anche il numero dei novizi presenti in ogni monastero. La data dell'ordinazione intende riferirsi all'ordinazione presbiterale, a meno che il soggetto sia diacono, cosa che è ugualmente indicata.

I monasteri maschili che figurano nel Catalogus sono le Abbazie e i Priorati conventuali, le loro case dipendenti che sono state fondate al fine di svilupparvi una nuova comunità monastica unitamente a quelle che, malgrado una diminuzione degli effettivi, conservano una storia venerabile. Sono ugualmente menzionate le residenze in cui abitano i giovani monaci che svolgono gli studi ecclesiastici, così come i santuari. Non si è fatta menzione delle parrocchie.

I dati relativi ai monasteri benedettini femminili sono contenuti in un volume separato.

Questo Catalogus vuole tener conto della diversità e della ricchezza del pluralismo benedettino conseguenza dell'autonomia locale e di quella delle Congregazioni. Per tale ragione si sono volute rispettare il più possibile le differenti categorie di monaci tali quali esistono nelle diverse famiglie monastiche.

Le statistiche di quest'opera mostrano lo stato della Confederazione. Ci sono tabelle di statistiche, come pure brevi notizie storiche ed esplicative. Ciò potrà aiutare il lettore a conoscere meglio la Confederazione e ad utilizzare meglio lo strumento costituito dalla presente opera.

Nel Catalogus sono indicati indirizzi, numeri di telefono e di fax unitamente, dove disponibili, agli indirizzi Web ed e-mail.
Per quanto concerne i numeri di telefono e di fax, dopo il prefisso internazionale, tra parentesi viene indicato il prefisso regionale. Generalmente il primo numero di quest'ultimo prefisso (di solito uno "0") si deve omettere quando si chiama da un altro paese, mentre viene sempre usato in Italia. Se è difficile prendere la comunicazione, è consigliabile rivolgersi ad un operatore telefonico internazionale.

ABBATIA PRIMATIALIS S. ANSELMI DE URBE IN QUA HABENTUR CURIA ABBATIS PRIMATIS COLLEGIUM INTERNATIONALE S. ANSELMI PONTIFICIUM ATHENAEUM S. ANSELMI

Collegium Sancti Anselmi de Urbe, ad S. Paulum a Congregatione Casinensi anno 1687 fundatum, restauratum anno 1888 a Leone PP. XIII, ex eiusdem Pontificis munificentia anno 1893 novam in Aventino colle sedem obtinuit. Idem Pontifex, erecta Confoederatione, voluit ut Collegium non alicui ex Congregationibus pertineret sed familiam ex omnibus Congregationibus conflatam haberet et in omnium profectum aeque inserviret.

Athenaeum S. Anselmi ortum habet a privilegio a Leone PP. XIII concesso et a S. Pio X confirmato gradus academicos conferendi ad instar aliarum academiarum in urbe exsistentium. Pius PP. XI institutum academicum S. Anselmi de Urbe titulo "Pontificii" anno 1933 decoravit ; denique Joannes PP. XXIII Athenaeum Pontificio Instituto Liturgico anno 1961 auxit.

Congressus vero Abbatum anno 1967 statuit distinctionem claram faciendam esse inter Curiam Abbatis Primatis, Collegium Internationale proprie dictum, et Pontificium Athenaeum.
